

Analysis Group – Dallas

For more than 30 years, Analysis Group has provided economic and financial analysis and expert testimony to leading law firms and corporate clients. We have built a reputation for excellence by providing thoughtful, fact-based economic and financial interpretation of complex legal and business issues. We apply our expertise pragmatically, working closely with our clients to understand the real-world contexts in which they operate.

Our Dallas office is located in the historic Turtle Creek area. The Dallas team serves clients both locally and nationally in a variety of litigation and non-litigation situations, including major breach of contract, intellectual property, antitrust, and securities-related matters.

Selected Dallas Professional Staff

Our staff has provided litigation consulting, damages analysis, and testifying expertise in some of the highest-profile cases of recent years. We use rigorous, fact-based analyses to help our clients evaluate their options, make informed decisions, and overcome their business challenges.

KEITH R. UGONE, Managing Principal

214 523 1405 | kugone@analysisgroup.com

Ph.D. in Economics, Arizona State University; M.A. in Economics, University of Southern California; B.A. in Economics, University of Notre Dame

Dr. Ugone specializes in the application of economic principles to complex business disputes and is experienced in economic and damages-related analyses. He has provided financial and economic consulting services in cases involving antitrust, breach of contract, business interruption, lost earnings, intellectual property, lender liability, and securities-related issues. He also has frequently evaluated lost profits and valuation-related issues using large databases and complex computer models. Damage models constructed or analyzed by Dr. Ugone have included such components as lost sales analyses, incremental cost analyses, assessments of profitability, assessments of the capacity to produce additional units, the competitive business environment in which a damage claim is made, claimed lost business value, and claimed reasonable royalties. Dr. Ugone has significant deposition and trial testimony experience.

BRUCE L. BLACKER, Vice President

214 523 1406 | bblacker@analysisgroup.com

*M.S. and B.S. in Accounting, Brigham Young University; CPA, State of Texas**

Mr. Blacker has extensive experience in litigation and dispute analysis, corporate recovery, business valuation, and tax compliance services. He has provided accounting, finance, and economic analyses in a variety of engagements. His litigation consulting case experience includes antitrust, breach of contract, business interruption, forensic accounting, fraud investigations, intellectual property, lender liability, loss of earnings, securities fraud, and general damage quantification matters. Mr. Blacker has served as an arbitrator and has testified at trial and in deposition.

STEPHEN M. BENENSON, Vice President

214 523 1443 | sbenenson@analysisgroup.com

M.A. and B.A. in Economics, Emory University; M.B.A. in Finance, University of Texas at Austin

Mr. Benenson specializes in the evaluation of economic damages in complex commercial disputes. He has worked on numerous litigation and consulting engagements

involving breach of contract, intellectual property, antitrust, business interruption, bankruptcy proceedings, royalty investigations, investigations of potential short-swing profits earned by insiders, and electric and gas utilities. Mr. Benenson has testified more than a dozen times in matters related to electric utility rates and cost of service.

MINH P. DOAN, Manager

214 523 1445 | mdoan@analysisgroup.com

Minh Doan specializes in the evaluation of economic damages in complex commercial disputes. Her litigation consulting case experience includes breach of contract, patent infringement, copyright infringement, class certification, professional negligence, and loss of earnings matters. She has

extensive experience in developing complex damages models and determining claimed lost profits and reasonable royalties in a range of industries including medical devices, computer hardware and software, automotive technologies, video game systems, electronic check processing, and Internet search marketing. Ms. Doan has assisted in all phases of the litigation process, including discovery, expert reports, deposition, and trial preparation.

LAUREN R. KINDLER, Vice President

214 523 1410 | lkindler@analysisgroup.com

M.A. in Economics, Southern Methodist University; B.A. in Economics, Tulane University

Ms. Kindler's engagements include intellectual property disputes, securities litigation, wrongful death matters, false advertising allegations, antitrust matters, electricity

industry restructuring, and telecommunications regulatory issues. In patent infringement matters, she has analyzed claimed lost sales, claimed lost profits, and claimed reasonable royalty damages. In antitrust matters, she has assessed the competitive consequences of mergers, analyzed competitive behavior of market participants, and estimated the impact of market power.

LYNN E. KUPFERSCHMID, Consultant

214 523 1408 | lkupferschmid@analysisgroup.com

*B.S. in Accounting, University of Florida; CPA, States of Florida and Texas**

Ms. Kupferschmid has experience in economic consulting, business valuation, and damages-related matters. She has been involved in breach of contract, breach of fiduciary duty, patent infringement,

bankruptcy proceedings, audit failures, personal injury and wrongful death, shareholder disputes, products liability, eminent domain, loan transactions, fraud, marital dissolutions, and other consulting engagements. Her experience includes financial and operational analysis; analyzing economic and market conditions; developing complex damage models, including conducting lost earnings analyses; and preparing business valuation models. Ms. Kupferschmid has testified at trial and in deposition.

* Analysis Group is not a CPA firm
